About Joint Reintegration Services

The Joint Reintegration Services are at the core of the Frontex Reintegration Programme. They provide for the provision of reintegration assistance to returnees departing on a voluntary or non-voluntary basis from Member States and Schengen Associated Countries to their countries of origin. At the same time, it contributes to an effective return policy in the European Union, ensuring that returns are done in a dignified and humane manner. To implement this assistance, Frontex has concluded a partnership with **CARITAS International Belgium** who cooperates with **Caritas Moldova** to assure the deliverance of high level of support.

About Caritas Moldova

Following the Republic of Moldova's declaration of independence in 1991, the country witnessed a revival of religious life. Four years later, this renewal of faith served as an impetus for the Bishop of Chisinau to create Caritas Moldova to provide assistance to the poor and marginalised. At present, the main categories of Caritas Moldova's beneficiaries include: homeless people, elderly people with insufficient means of subsistence, terminally ill patients or people with severe illnesses, children and young people, vulnerable families and one-parent families, socially isolated people, and other vulnerable categories. Caritas Moldova has relations with vocational schools, hospitals, kindergartens, prisons, and other state social institutions. Through its activities, the mission contributes to poverty eradication and the establishment of equitable social systems, promoting values of tolerance and Christian mercy.
